Proverbs

Every day we have to make decisions – some are really important. The book of Proverbs offers godly insight and wisdom to guide God's people so that we choose correctly and avoid wrong paths. Biblical wisdom, together with the Holy Spirit's leading, will help us reach maturity so that we too have the mind of Christ. The truly wise person lives out of his restored identity as God's child.

“ *The wisdom literature of the Old Testament is part of God's redemptive purpose in restoring the identity of his damaged creature. God's people are called to show the world what restored humanity looks like.* ”

– From ESV Study Bible –

Sometimes this invaluable wisdom in the book of Proverbs is like gold that needs to be discovered and dug from the ground . . . you have got to work for it! To help with this, as we read through the book day by day, we are going to explore a number of themes during our Sunday services and with 'Word on Wednesday'.

## WORD ON WEDNESDAY
