

For God so loved the world.....

For God so loved the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life.

John 3:16 is one of the most well-known verses in the bible. But did you know that the word for world comes from the Greek 'cosmos'.

God doesn't just love humankind, he loves all of creation (although humans have a most special place within it). The environment is a much talked about subject in our society today and there are many voices telling us what to believe and do. But what does the bible say? This study will look at God's plan for the world, his intention for humankind and how Christ has come to bring redemption for it all.

The Bible Project has a great 7 minute film which explains how Genesis 1 communicates what the whole Bible is about which you might like to watch as an introduction – scan the QR code or copy the link:
